AMENDMENT

Sir:

This Amendment is in reply to the Office Action that was mailed 14 February 2012. Requested herewith is a three-month extension of time, along with payment therefor made concurrently herewith, making the due date for reply, 14 August 2012.

Amendments to the Claims begin on page 2 of this paper.

Amendment to the Specification is found on page 5 of this paper.

Remarks begin on page 6 of this paper.

IN THE CLAIMS:

The following listing of claims will replace all prior versions and listings of claims in the application:

1. (Withdrawn) A process for the preparation of pomegranate seeds oil extract comprising the following steps:
 - a) providing isolated pomegranate seeds;
 - b) cold-pressing the seeds to obtain an oil; and optionally
 - c) pressure-filtering the resulting oil, to obtain clear oil.
2. (Withdrawn) The process of claim 1, wherein said isolated pomegranate seeds are isolated from the fermentation product of pomegranate sacs fermented with natural yeast.
3. (Withdrawn) A process for the preparation of pomegranate-flower extract, comprising the following steps:
 - a) immersing pomegranate inflorescence in 70% alcohol at room temperature for a suitable period of time, while mixing at suitable intervals;
 - b) steaming and thickening the mixture obtained in step (a) until the alcohol has been removed to give a pomegranate flower extract.
4. (Withdrawn) A process for the preparation of pomegranate peel extract from pomegranates, comprising the following steps:
 - a) immersing pomegranate inflorescence in 70% alcohol at room temperature for a suitable period of time, while mixing at suitable intervals;
 - b) steaming and thickening the mixture obtained in step (a) until the alcohol has been removed to give a pomegranate peel extract.
5. (Withdrawn) A process for the preparation of pomegranate inflorescence/peel extract, comprising mixing the inflorescence extract obtained by the process of claim 3 with the pomegranate peel extract obtained by the process of claim 4 at a 1:1 ratio (v/v).
6. (Withdrawn) A process for the preparation of pomegranate peel powder from pomegranates, comprising the steps of:
 - a) crushing whole pomegranate;
 - b) fermenting the dry material (i.e. peel and seeds) obtained in step (a) together with natural yeast at 28°C for a suitable period of time, while mixing at suitable intervals;
 - c) washing the resulting material with water to remove the seed membrane;

- d) drying the material obtained in step (c) at 42°C;
- e) transferring the dry material obtained in step (d) to a vibrator for the separation of the peel from the seeds; and
- f) grinding the dry peel to powder.

7.-10. (Canceled)

11. (Currently Amended) A pomegranate peel powder obtained by the process of claim 6.

12. (Currently Amended) A medical composition for the treatment of skin sores, comprising as active ingredient at least one of pomegranate seed oil and pomegranate flower extract, and optionally or pomegranate peel extract.

13. (Currently Amended) The composition of claim 12, further comprising wherein said pomegranate seed oil extract is obtained by the process of claim 1 or 2, and/or said pomegranate flower + peel extract is obtained by the process of claim 3 and claim 4 at a 1:1 ratio and/or said pomegranate peel powder is obtained by the process of claim 6.

14. (Previously presented) The composition of claim 12, wherein said skin sores are diabetic sores, pressure sores, ulcers or *acne vulgaris*.

15. (Original) A kit for the treatment of skin sores comprising:

- a) pomegranate flower extract; +
- b) pomegranate peel extract;
- b c) pomegranate oil extract;
- e d) pomegranate peel powder;
- d e) means for applying the said pomegranate flower extract, + peel extract, pomegranate oil extract and/or pomegranate peel powder to said skin sores;
- e f) optionally bandages; and
- f g) instructions for use.

16. (Currently Amended) The kit of claim 15, wherein said pomegranate ~~seed oil extract is obtained by the process of claim 1 or 2, and/or said pomegranate~~ flower extract + and said peel extract is are combined and are present in ~~obtained by the process of claim 3 and claim 4 at a 1:1 (v/v) ratio, and/or said pomegranate peel powder is obtained by the process of claim 6.~~

17. (Currently Amended) The kit of claim 15, wherein said pomegranate flower extract and + said peel extract is are combined and contained in an atomizer.

18. (Currently Amended) The kit of claim 15, wherein said skin sores are any of diabetic sores, pressure sores, ulcers ~~and~~ or acne vulgaris.

19. (Withdrawn, Currently Amended) A method of treating a skin sores, comprising the following steps:

- a) washing the sore thoroughly, and drying it and its surroundings;
- b) ~~optionally~~ applying to the sore pomegranate flowers ~~+~~ extract;
- c) ~~applying to the sore~~ peel extract;
- e d) applying to the sores pomegranate oil extract;
- d e) powdering the sores with pomegranate peel powder;
- e f) optionally bandaging the sore; and
- f g) repeating steps (b)-(d e) twice a day.

20. (Withdrawn, Currently Amended) The method of claim 19, wherein said pomegranate ~~seed oil extract is obtained by the process of claim 1 or 2, and/or said pomegranate flower extract + and said peel extract is obtained by the process of claim 3 and claim 4 at are combined and are present in a 1:1 ratio, and/or said pomegranate peel powder is obtained by the process of claim 6.~~

21. (Withdrawn, Currently Amended) The method of claim 19, wherein said skin sores ~~are~~ is a diabetic sores, a pressure sores, an ulcers or an acne vulgaris.

22. (Withdrawn, Currently Amended) The method of claim 19, wherein pomegranate flowers ~~+~~ extract, said seed peel extract or pomegranate oil extract ~~are~~ is applied by spraying.

23.-26. (Canceled)

27. (New) The composition of claim 12, further comprising pomegranate peel powder.

28. (New) The composition of claim 13, wherein said flower extract and said peel extract are combined and are present in a 1:1 (v/v) ratio.
