

24/5/12

Claims

1. An extract obtainable by a process comprising the steps of
 - a. preparing a mixture of ~~a plant material~~ seeds obtained from Trigonella foenum-graecum and liquid water,
 - b. incubating said mixture for at least 3 hours at a temperature between 0 and 45°C,
 - c. heating of said mixture for a period of time sufficient to release the embryo for the seeds, and
 - d. recovering a liquid extract from mixture.
- ~~2. The extract according to claim 1, wherein said plant material is seeds of said plant.~~
- ~~3.2.~~ The extract according to claim 1 ~~or~~ 2, wherein said heating of said mixture is boiling.
- ~~4.3.~~ The extract according to any of the preceding claims comprising the additional step of freezing the incubated mixture prior to the heat treatment according to step c or freezing the heat-treated mixture.
- ~~5.4.~~ The extract according to claim ~~3~~ 4, wherein said additional step comprises freezing the mixture as defined in claim ~~3~~ 4 and repeating step c.
- ~~6.5.~~ An extract fraction obtainable by performing reverse phase chromatography on a size B Lichroprep RP-18 (40-63µm) (Merck) of the extract according to any of the claims 1 to ~~4~~ 5 using the following gradient: 0-1 min H₂O/AcN 98:2, then using a steady gradient from 1-40 min going to 100% AcN and collecting the fraction at the time interval between 5 and 10 min.
- ~~7.6.~~ The extract or a fraction thereof according to any of the claims 1 to ~~6~~ 5, which is concentrated by partly or entirely removal of solvent by a method selected among the group consisting of: membrane filtration, evaporation, precipitation, extraction, azeotrope distillation, lyophilisation, spray drying and combinations thereof.
- ~~8.7.~~ A pharmaceutical composition comprising an extract or a fraction thereof according to any of the claims 1 to ~~6~~ 7, for the treatment of an inflammatory or an infectious condition.

~~9-8.~~ The pharmaceutical composition according to claim ~~7~~8, wherein the inflammatory condition is selected from the group consisting of diaper dermatitis, acne, asthma, and an inflammatory condition in the gastro-intestinal tract.

~~10-9.~~ The pharmaceutical composition according to claim ~~7~~8, wherein said infectious condition is Herpes simplex.

~~11-10.~~ The pharmaceutical composition according to claim ~~7~~8, wherein said infectious condition is selected from the group consisting of an infected wound, a surgical wound, impetigo, a Staphylococcus, such as Staphylococcus Aureus infection, an infection in the mouth cavity, periodontal disease, an infection in the eye or the adnexa of the eye, common cold, cold sores, warts, and pharyngitis.

~~12-11.~~ The pharmaceutical composition according to claim ~~10~~4, wherein said periodontal disease is selected among gingivitis, periodontitis, and halitosis,

~~13-12.~~ The pharmaceutical composition according to any of the claims ~~7~~8 to ~~11~~2, wherein said pharmaceutical composition is formulated as a mouth-wash, chewing gum, tooth-paste, balm, plaster, lip salve, spray, ointment, gel, capsule, drop, or tablet.

~~14-13.~~ Use of the extract according to any of the claims ~~1~~ to ~~12~~3 for the preparation of a composition for disinfection of skin; installations such as kitchens, slaughter houses, toilets and stables; kitchen hardware such as refrigerators or freezers; water; water-containers; residences having smell of diseased persons, or concrete elements.

~~15-14.~~ Use of the extract according to any of the claims ~~1~~ to ~~13~~4 for the preparation of a composition for preservation of food products such as meat, poultry, and products thereof.
