Application No:	12/925,647
Filing Date:	October 26, 2010
Confirmation No.:	7155
First Named Inventor:	N.B. Baktha Reddy
Assignee:	APPTEC, Inc.
Title of Invention:	HERBAL FORMULATIONS FOR THE MANAGEMENT OF CHRONIC ULCERS AND WOUNDS
Attorney Docket No.:	1007
Group Art Unit:	1655
Examiner:	Susan Coe Hoffman
Last Office Action:	August 25, 2011

Dear Sir:

Your first Office Action on the merits, dated August 25, 2011, is hereby acknowledged.

CHANGE IN POWER OF ATTORNEY

As of December 12, 2011, upon instructions from the Assignee, I have taken over prosecution of the Present Application in the USPTO. A new Power of Attorney was filed on that date along with a Statement 37 CFR §3.73(b). Please accept my representation in this matter.

PETITION FOR EXTENSION OF TIME TO REPLY

Your Office Action afforded the Applicants a three-month shortened statutory period to reply. That period expired on November 25, 2011. Therefore,

AMENDMENTS TO THE CLAIMS

1. **(currently amended)** An ointment for topical use in humans in the management of chronic ulcers, diabetic ulcers, and the management of bleeding in cuts and wounds, comprising ~~at least two of the following~~:
 - a) an extract of *Pongamia pinnata* ranging from 2% to 20% by weight;
 - b) an extract of *Lawsonia alba* ranging from 5% to 15% by weight;
 - c) an extract of *Datura alba* ranging from 2% to 20% by weight; and
 - d) an extract of *Cocos nucifera* ranging from 20% to 60% by weight.

wherein:
~~the extract of *Pongamia pinnata* when present is in the range of 2 to 20%~~
~~the extract of *Lawsonia alba* when present is in the range of 5 to 15%~~
~~the extract of *Datura alba* when present is in the range of 2 to 20%~~
~~the extract of *Cocos nucifera* when present is in the range of 20 to 60%.~~
2. **(currently amended)** The ointment of claim 1, wherein:
 - a) the extract of *Pongamia pinnata* when present is in the amount range of 10% by weight;
 - b) the extract of *Lawsonia alba* when present is in the amount range of 10% by weight;
 - c) the extract of *Datura alba* when present is in the amount range of 10% by weight; and
 - d) the extract of *Cocos nucifera* when present is in the amount range of 40% by weight.

~~the percentages being percent of component extract in the extract phase.~~
3. **(currently amended)** A cream formulation for topical use in humans in the management of pressure ulcers, wherein the an oil phase of which comprises is comprised of at least two of the ingredients:
 - a) an extract of *Pongamia pinnata* ranging from 0.5% to 2.5% by weight;
 - b) an extract of *Lawsonia alba* ranging from 0.5% to 1.5% by weight;
 - c) an extract of *Datura alba* ranging from 0.2% to 1% by weight; and
 - d) an extract of *Cocos nucifera* ranging from 3% to 10% by weight.

wherein:

~~the extract of *Pongamia pinnata* when present is in the range of 0.5 to 2.5%~~

~~the extract of *Lawsonia alba* when present is in the range of 0.5 to 1.5%~~

~~the extract of *Datura alba* when present is in the range of 0.2 to 1%~~

~~the extract of *Cocos nucifera* when present is in the range of 3.0 to 10%.~~

4. **(currently amended)** The cream formulation of claim 3, the oil phase of which ~~comprises~~ is comprised of at least two of the ingredients wherein:

a) the extract of *Pongamia pinnata* when present in the amount of 1.5% by weight;

b) the extract of *Lawsonia alba* when present in the amount of 1.0% by weight;

c) the extract of *Datura alba* when present in the amount of 0.6% by weight; and

d) the extract of *Cocos nucifera* when present in the amount of 7.0% by weight.

5. **(currently amended)** ~~an~~ An oil for topical use in providing bleeding control comprising, the oil of which is comprised of at least two of the ingredients:

a) an extract of *Pongamia pinnata* ranging from 5% to 25% by weight;

b) an extract of *Lawsonia alba* ranging from 5% to 15% by weight;

c) an extract of *Datura alba* ranging from 2% to 10% by weight; and

d) an extract of *Cocos nucifera* present in sufficient quantity.

wherein:

~~the extract of *Pongamia pinnata* when present is in the range of 5 to 25%~~

~~the extract of *Lawsonia alba* when present is in the range of 5 to 15%~~

~~the extract of *Datura alba* when present is in the range of 2 to 10%~~

~~the extract of *Cocos nucifera* qs (quantity sufficient).~~

6. **(currently amended)** The oil of claim 5 ~~comprising, comprised of~~ at least two of the ingredients wherein:
- a) the extract of *Pongamia pinnata* when present in the amount of 15% by weight
 - b) the extract of *Lawsonia alba* when present in the amount of 10% by weight;
 - c) the extract of *Datura alba* when present in the amount of 6% by weight; and
 - d) the extract of *Cocos nucifera* present in sufficient quantities (quantity sufficient).
7. **(new)** An ointment, cream, or oil for topical use by humans comprising:
- a) an extract of *Pongamia pinnata*, and
 - b) an extract of *Lawsonia alba*.
8. **(new)** The ointment, cream, or oil of claim 7, further comprising an extract of *Datura alba*.
9. **(new)** The ointment, cream, or oil of claim 7, further comprising an extract of *Cocos nucifera*.
10. **(new)** An ointment, cream, or oil for topical use by humans comprising:
- a) an extract of *Pongamia pinnata*, and
 - b) an extract of *Datura alba*.
11. **(new)** The ointment, cream, or oil of claim 10, further comprising an extract of *Cocos nucifera*.
12. **(new)** An ointment, cream, or oil for topical use by humans comprising:
- a) an extract of *Pongamia pinnata*, and
 - b) an extract of *Cocos nucifera*.
13. **(new)** An ointment, cream, or oil for topical use by humans comprising:
- a) an extract of *Lawsonia alba*, and
 - b) an extract of *Datura alba*.
14. **(new)** The ointment, cream, or oil of claim 12, further comprising an extract of *Cocos nucifera*.
